## Superintendent's Message: by Rick Kentfield

Fall activities have concluded and I would encourage you to congratulate the coaches, sponsors, and players for their hard work and dedication when you get the opportunity to do so. Each of the teams and organizations represented the district with "class" this fall and we all have much to be proud of.

In September, on behalf of the board of education I sent a letter to neighboring school districts to inquire about the possibility of having a discussion regarding extra-curricular activities. The letter specifically stated that the board of education was interested in discussing a long-term "partnership" with extracurricular activities at the junior high and high school levels. It is important to emphasize the word "partnership". It is not the board's desire to simply join another district's program if they do not have to and the board has had no conversation regarding consolidation.

In October, the board appointed a three member committee to meet with each of the neighboring districts that are interested in having a discussion about an extracurricular partnership. Members serving on that committee are Spencer Anderson, Dylan Little, and Aaron Rule. This committee's goal will be to gather information about what possibilities exist with sharing student, facilities, and programming and report back to the entire board of education. Should discussions reach a point where the board feels there are possibilities that impact the district in a positive way, the board of education will host an informational meeting to share specifics with parents, students, staff, and patrons. At this point, everyone will have an opportunity to express their individual thoughts and feelings.

It's that time of year once again to prepare for bad weather. In the event adverse weather conditions affect the school's regular schedule you will receive a text from the district's Electronic Alert System. This system will send a text to each of the phone numbers you have registered at the school for contact purposes. You can also listen to KWBE, KUTT/KGMT radio or watch channels 8 and 10-11 on your television.

It is important to remember two items when late starts occur. First, busses will run accordingly to the announced late start. If a "2 hour late start" is announced, plan on the buses running two hours later than normal. Secondly, always error on the side of caution when determining rather to allow your child to drive to and from school when road conditions are questionable. Safety is priority one.

During the week teams of six competed in the FFA sponsored field foosball round robin tournament. The competition area was three cattle panels long and two panels wide with a six-foot goal at each end. Six wires were strung across the width holding up a PVC pipe. Team members held on to the pipe and kicked a ball. Teams consisted of three males and three females. The Championship game pitted Mr. Knapp's team against Mr. Callan's team Friday afternoon. The winning team was Mr. Knapp, Mrs. Williams, Logan Anderson, Jace Hunt, Kristin Meybrunn and Taylor Anderson. Trophies were awarded by the FFA.

"All of us who have been FFA members understand the excitement of putting on your blue jacket for the first time and wearing it proudly as your represent your chapter and state. You wear that jacket with pride to many events and competitions as an FFA member," said Stacey Agnew, Executive Director of the Nebraska FFA Foundation. "FFA jackets are costly and this is a great way for deserving students to apply and be selected to receive a jacket. This program rewards and encourages members who are eager to continue Nebraska's outstanding FFA tradition."

This year's program brought in nearly 600 applications from members across the state and of all ages. "This is one of the bigger responses we've had for this program yet," Agnew said. "We are excited to see them wear their jackets with pride, representing an outstanding legacy of youth in agriculture."
