# Senioritis

**Lewiston Seniors are suffering from Senioritis! The only cure is one prescription of Graduation. Symptoms include:**

- Homework fatigue.
- Inflammation of the whining gland.
- Acute mediocrity.
- Short-term memory loss.
- Excessive tardiness.
- Classroom intolerance.
- Swollen ego

**There are a few things you can do to avoid Senioritis. First, get involved in your future. Next, start applying for scholarships and taking college courses. Try doing an internship. Surround yourself with positive influences. Most importantly, shift your focus. Instead of thinking about how quickly you want to get out, try thinking about how excited you are for your future.**
