## School Closings and Delays Information

It's that time of year again to prepare for bad weather. In the event adverse weather conditions affect the school's regular schedule you will receive a text from the district's Electronic Alert System. This system will send a text to each of the phone numbers you have registered with the school for contact purposes. You can also listen to KWBE, KUTT/ KGMT radio or watch channels 8 and 10-11 on your television.

It is important to remember two items when late starts occur. First, buses will run according to the announced late start. If a "2 hour late start" is announced, plan on the buses running two hours later than normal. Secondly, always error on the side of caution when determining rather to allow your child to drive to and from school when road conditions are questionable. Safety is priority one.

#### *EducationQuest here on December 8*

On December 8 at 1:00 p.m., the EducationQuest Foundation will be here to present information on Financial Aid. During the hour-long presentation, they will discuss college admission, types of financial aid, scholarships and FAFSA (Fee Application for Federal Student Aid) completion. All seniors will attend, but any senior parent is also welcome to attend. In addition, I will video tape the presentation and make it available on my website for any parent that would like to view it.

EducationQuest Foundation is a nonprofit organization with a mission to improve access to higher education in Nebraska. They fulfill their mission through **free** college planning services, outreach services, need-based scholarship programs, and college access grants.

#### *Other Scholarship Information*

Seniors have received a sheet that has a list of scholarships that I have received during the course of this school year.

This list is also available on the bulletin board outside of the main office. As scholarships become available, I will continue to update this list and send it out to the students. In addition, you can check out the scholarship page on my website. You may access this through the Lewiston Consolidated webpage or by entering the following link into your browser: <http://www.lewistonschool.org/staff/lhermsmeier/Site/Scholarships.html>. The weather is changing. The children go outside to play at recess unless it is extremely cold. Please encourage your child to dress appropriately to stay warm...a coat that closes in the front, hat, and gloves. Once the snow is on the ground, if your child wants to play in the snow, they **MUST** have snow pants **AND** snow boots to wear at recess or they will have to stay on the pavement. Please write your child's name on all their "cold weather gear".

Please give your used ink jet cartridges to any Lewiston student and have them deliver them to the library. Lewiston HAL receives cash to donate towards Earth Day projects.

*Practical Skills For Life*

The Foods 1 class began their Food Preparation units in November. They are applying the nutrition and preparation skills learned so far. They assisted the Quick and Easy Foods class in preparing food for the Dinner Theatre held last month.

Junior High Study Hall has 4 students three days every week. These students work hard on their class assignments, and use this time effectively on class projects due the end of the semester.

Home Living students visited retail stores in Beatrice to “purchase paint, floor coverings, window treatments, furniture, and accessories to completely decorate a one bedroom apartment on a budget.

Students in the Child Development class were “first-time mothers” during October. Last month they explored the development of infants, toddlers, and children to six years old. Units on parenting skills and careers in this area will finish out the semester.

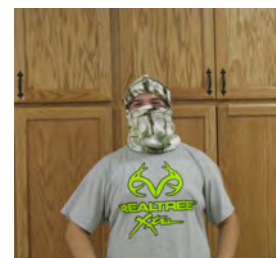

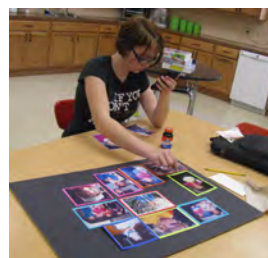

The FACS Independent Study class has two senior students building on skills learned in FACS classes they have taken the past three years. They have polished up their sewing and cooking skills, as well as helping with Dinner Theatre.

Quick and Easy Foods class gives student experience with preparing foods. Students prepare food at least twice a week. They are given assigned recipes for one lab and then can choose their own recipe for the second lab. These students are becoming efficient in their kitchen duties. Quick and Easy students assisted the Foods class in preparing the meal for the Dinner Theatre held in November.

Preparing muffins during the quick bread unit.
